LETTER OF RECOMMENDATION

To whom it may concern,

I highly recommend Sebastian Emil Droyer. He is a driven, organized teacher who develops inspiring relationships with his students.

Sebastian has been working for us as a ski instructor at the Snow Academy Saalbach during the winter season 2019/20. I have had many opportunities to observe Sebastian in a teaching environment, as he shared his love for snow sports with our customers. His ability to connect with the students and his talent at teaching simple concepts, as well as more advanced topics, are both truly superior. He also has excellent communication skills with both - students and teachers. He was able to earn the student's trust as his clear understanding for the technical details of skiing along with behaviour and psychology, helped them become comfortable with him as their teacher.

He always arrived early and never appeared short on energy or motivation. His enthusiasm was contagious and his excitement never seemed to go away throughout the day.

I recommend Sebastian to you without reservation as I believe he possesses the qualities necessary to succeed and grow in your organization, and will be a valuable addition to your team.

Sincerely,

SNOW ACADEMY
